### NOTICE OF PROPOSED ACTION

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received a complete application for the renewal of groundwater discharge permit NEV50025 from the following applicant:

**Clark County Water Reclamation District**  
**5857 East Flamingo Road**  
**Las Vegas, NV 89122**

The Clark County Water Reclamation District (CCWRD) operates the Overton Wastewater Treatment Facility (WWTF), located two miles east of the town of Overton, Clark County, Nevada. Domestic (sanitary) wastewater is treated in a system of three primary and four secondary facultative ponds, which discharge seasonally to groundwaters of the State of Nevada, via two percolation ponds. The facility is currently permitted for 350,000 gallons per day of wastewater. The Division has made the tentative determination to renew the groundwater discharge permit for a period of five (5) years, subject to certain effluent limitations.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication, hand-delivered or postmarked no later than 5:00 P.M. on **November 5, 2004**, either in person or by mail to:

Department of Conservation and Natural Resources

Comments and/or hearing requests received via facsimile or e-mail before 5:00 P.M. **November 5, 2004** will also be accepted. All requests for hearings must indicate the interest of the person filing the request and the reason(s) why a hearing is warranted. All comments or objections received within the thirty (30) day comment period will be considered in the formulation of final determinations regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. The public notice of such hearings will be issued not less than thirty (30) days prior to the public hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time.
